- a. New applications to consider:
 - i. 25/02629/HOU: Overstream Paulls Lane Broadway TA19 9QY - Internal alteration works and the erection of a two-storey linked extension to include a new double car port
The council noted that there was not an ecological report included within the application documents and felt this should be required. The council noted that some amendments had been made to the application but did not feel these resulted in any fundamental change to the overall application or the councils position objecting to the application.
